**MICROSOFT | IT Academy Program**  
Microsoft Certified Solutions Associate (MCSA): Windows Server 2008  
Classes start March 18, 2013 at the Orchard Ridge Campus.

Windows Server 2008 certification shows that you have the minimum set of skills needed to hit the ground running, and differentiates you as better able to work with Windows Server 2008 in a real-world business context. This certification validates a set of primary Windows Server skills that are relevant across multiple solution areas. At OCC, we have put together a curriculum of coursework designed to accommodate both entry level and experienced students in preparing for the required exams. This curriculum is structured to provide a wide range of experiences and knowledge throughout the program while at the same time ensuring prerequisite material is covered at the appropriate time.
